Our history

Founding of LaCruz

Year of foundation of the sole proprietorship, born as a secondary activity of Andrea Cruzzolin, who at the time was the owner of a technical studio specialized in the analysis and design of plastic injection and die-casting moulds.

In the same year, thanks to the development of the trellis clip and the consequent filing of the patent, Andrea Cruzzolin was awarded the "Innovation Award of Veneto".

The first international fair

The commercial momentum and positive feedback from the articles designed, produced, and marketed provided the right entrepreneurial push to participate for the first time in one of the most important trade fairs in the world for viticulture, the Sitevi in Montpellier, France.

Company growth and new headquarters

LaCruz doubles its sales year over year, transitioning into an S.r.l. (limited company) with €1.2 million in revenue.

That same year, it moves operations to a 650 m² facility in Oderzo (TV), including offices and warehouse.

LaCruz becomes registered trademark

The progressive exponential growth requires further expansion and a consequent reorganization of the logistics area into a 200 m² space, entirely dedicated to the warehouse.

To emphasize the company's internal design and manufacturing at an international level, LaCruz® becomes a registered trademark, ensuring that its products are easily identifiable in the market.

The patents

LaCruz's manufacturing and trading activities lead to the development and production of the first spare parts compatible with various grape harvesting machines.

Patents are filed for the shaking rod and catcher trays compatible with Gregoire grape harvesters.

New patents

Ongoing development leads to the patent of a shaker compatible with Pellenc harvesters and the creation of the corresponding mould.

New spaces and new innovations

Rapid growth requires expansion, adding another 650 m² (totaling 1,300 m²) and creating a workshop area. Revenue rises to €1.8 million with a team of 5 employees.

LaCruz

The benchmark in viticulture

Founded in 2006 by Andrea Cruzzolin, LaCruz has long been a leading name in viticulture.

An enterprise rooted in experience and innovation, located in a region deeply embedded in wine culture. Continuous improvement, combined with technological, mechanical, and material knowledge, underpins the development of efficient products for the sector and its users.

LaCruz offers a wide range of products: spare parts, accessories for harvesting, tying, trimming, battery sales, electric pruners, and sale and servicing of harvesters.

LaCruz compatible spare parts-known for high quality and

competitive prices-represent a solid alternative to OEM parts.

Speed and availability are not only customer demands but also core values of the company's service model, crucial in a globally competitive market.

LaCruz looks to the future with an open mindset and global vision, embracing international growth and collaboration.

Currently, LaCruz proudly maintains a global presence, with offices, facilities, and strategic partnerships across various regions.

It operates in Europe, Australia, North and South America, and Africa — serving all wine producing markets, as well as

those developing mechanical fruit harvesting (e.g., almonds, oranges, apples, berries and olives). This international network enables LaCruz to provide fast, reliable service to clients worldwide.

A wide range of compatible Made in Italy **spare parts**

LaCruz compatible spare parts are a reliable, tested products at competitive prices. A specialized technical team identifies market needs, develops designs and moulds, and selects the most appropriate materials, to create products whose performance is constantly improved based on market feedback. Ongoing R&D

investment enables future-ready, innovative solutions that meet the highest quality standards.

Modification kit by LaCruz

To further optimize harvesting processes and meet the unique demands of various vineyards, LaCruz offers easy-to-install modification kits. These are designed to enhance harvester performance and ensure high-

quality results. LaCruz's know-how makes it possible to offer a design service for solutions not only for the general market, but also for the specific needs of machinery manufacturers or individual clients.

LaCruz finger weeder

LaCruz is at the forefront of the agricultural machinery sector, offering innovative and high-quality solutions to optimize field operations. The patented finger weeder represents a

revolution in crop management, ensuring effective soil cultivation and improved weed control to adequately meet the needs of increasingly sustainable viticulture.

Patented design

LaCruz weeders feature a unique patented design to maximise weed removal without harming crops.

Applications

Versatile and suitable for vineyards, orchards, and vegetables. The hardness of the weeding fingers can be adjusted based on soil type and crop.

Choose the excellence of a trusted manufacturer

As a leader in high-quality parts and equipment, LaCruz has long been dedicated to the design and production of essential components for branded harvesters and agricultural applications. Each item is made with precision using advanced machinery and moulds. Embossed logos ensure

authenticity and recognition, while the registered LaCruz trademark stands for quality, innovation, and customer satisfaction.

Eco-sustainability

LaCruz is committed to environmental protection through the development of sustainable agricultural equipment. The use of recyclable and biodegradable materials, along with advanced technologies, supports responsible, eco-conscious viticulture.

Innovations

LaCruz's spare parts and kits embody continuous innovation, enabling custom solutions for machinery manufacturers.

Certifications

LaCruz distinguishes itself through product quality, proven by numerous patents-ranging from finger weeders to tying materials like Biofix (certified soil-biodegradable) and LaClip (fully bio-based with no environmental harm).

LaCruz is passionately
committed to enabling
efficient, practical,
and innovative viticulture.

Alternative Parts for Grape Harvesters

A range of parts produced by LaCruz, compatible and adaptable with grape harvesters from the main brands on the market. All spare parts are designed to optimize machine performance, ensuring efficient and uninterrupted harvesting.

FROOBRA

Shaking rod Ø 32 mm for Braud New Holland grape harvesters, inner hole Ø 15mm.

Original code: 944007307, 84171535, 47699254

The shaking rod for New Holland is designed to faithfully reproduce the original model. The extensive experience in the sector of LaCruz has certainly contributed to perfecting the choice of materials in order to achieve performance equal to the original, but with an improvement in terms of durability and reliability.

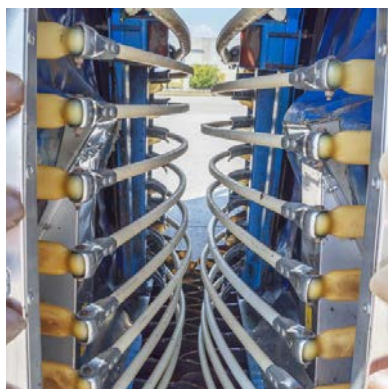

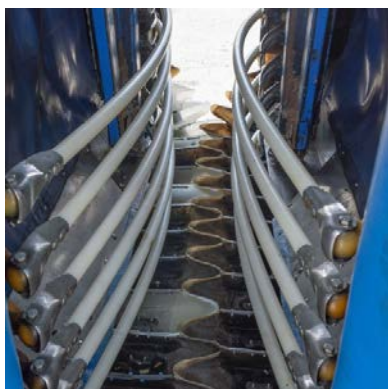

Product box: A box 180 cm x 18 cm x 15 cm.

Qty per box: Contains 15 pcs.

Details of the shaking rod FROOBRA by LaCruz

Hollow bar in the center with daps at the ends. This particular configuration allows for greater lightness and optimized strength.

FRS4BRA

LaCruz patented shaking rod for modification kit by LaCruz for Braud grape harvesters 1214, 2414, 2514, 2614, 2714 with 1 single column.

Original code: 913001075, 87561952

The FRS4BRA shaking rod, modification kit designed by LaCruz, is a major upgrade for single-column grape harvesters. The modification allows a more advanced shaking system to be fitted, improving harvesting efficiency and quality. The bracket and the 4-hole plate are essential for installation, as they allow the adaptation of the new double-arm shaker, which provides a more uniform shaking than previous models and is gentler on the plant.

The advantages of LaCruz system

It increases harvesting capacity and speed, eliminates the “whip” effect, reduces damage to vines, reduces the amount of stalks and crop losses.

Bracket assembly diagram

FR02BRA

Shaking rod for Braud modification kit by LaCruz.

The FR02BRA thermo-formed shaking rod can be installed on single-column grape harvesters through of a modification kit, consisting of a V-shaped bracket with double tube coupling. This modification makes it possible to replace the original single bar shaker system with a double bar shaker.

Shaking Upgrade: Gentleness and productivity

The main advantage of this solution is the adoption of a gentler shaking system for the plants, which at the same time offers a higher yield than the original system. In addition, the modification involves a low investment, with no additional costs for the implementation of the new technology.

24789LC

Original code:
944024789

Kit of 10 high capacity right buckets, already set up.

29255LC

Original code:
944029255, 944005615

Pulling sprocket for left chain for Braud grape harvesters series 7000, 8000, 9000, VL, SB65, VM, 11.90, SB e VN.

29254LC

Original code:
944029254, 944005538

Pulling sprocket for right chain for Braud grape harvesters series 7000, 8000, 9000, VL, SB65, VM, 11.90, SB e VN.

07944LC

Original code:
944007944

Left upper slide guide for Braud New Holland SB grape harvesters.

**07945LC**

Original code:
944007945

Right upper slide guide for Braud New Holland SB grape harvesters.

**26009LC**

Original code:
913126009

Slide guide for Braud New Holland 1214, 1620, 2000 and SB grape harvesters.

**26161LC**

Original code:
913126161

Upper slide guide for Braud New Holland 1214, 1620, 2000 and SB grape harvesters.

**17733LC**

Original code:
920017733

Hook for Braud New Holland grape harvesters.

**11411LC**

Original code:
944011411

Left guide for Braud New Holland 9000L, 9000M, SB, VL and VM grape harvesters.

**11412LC**

Original code:
944011412

Right guide for Braud New Holland 9000L, 9000M, SB, VL and VM grape harvesters.

**05585LC**

Original code:
944005585

Low noria chassis sole for Braud New Holland 9000L, 9000M, SB, VL and VM grape harvesters

**43747LC**

Original code:
944031304 - 84243747

Left rear chain case for Braud New Holland VL and 9000L series.

**43748LC**

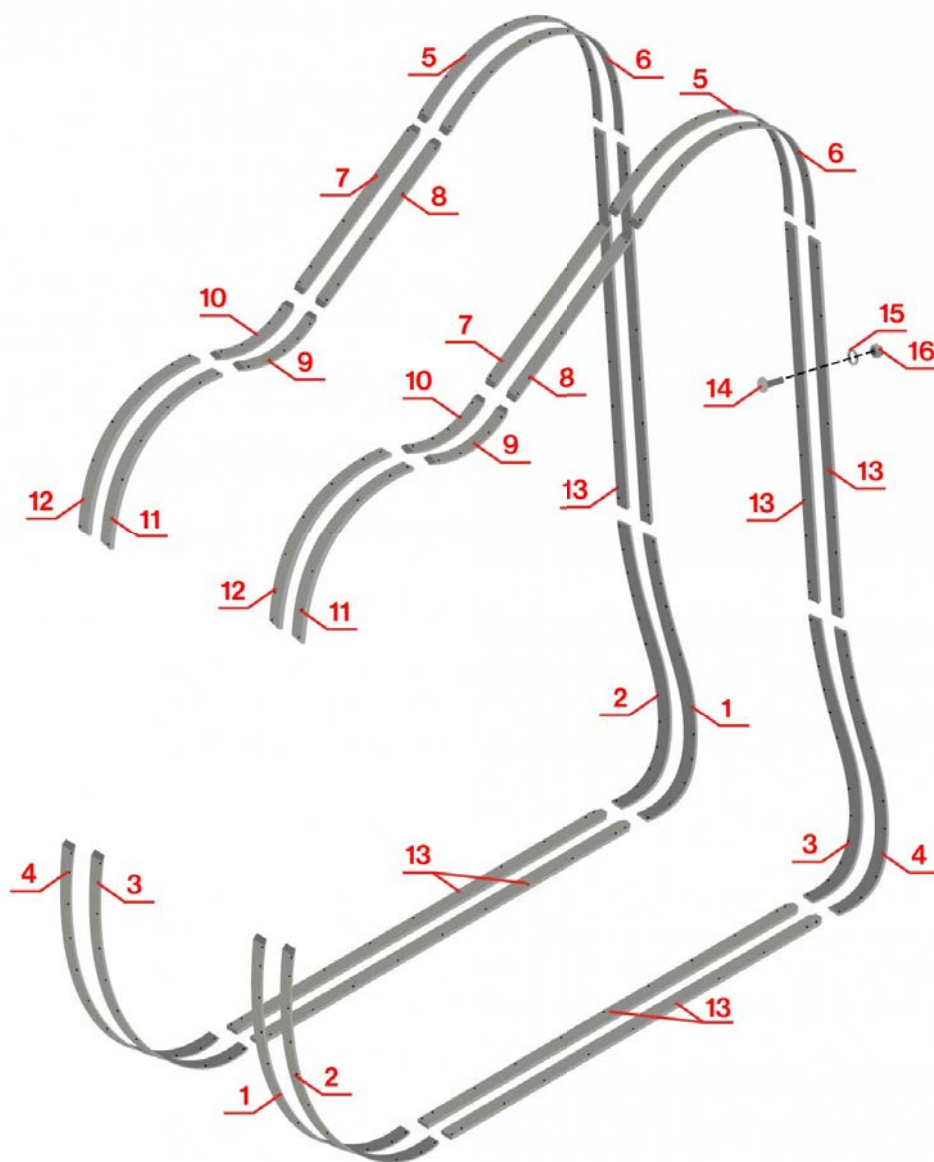

Original code:
944031305 - 84243748

Right rear chain case for Braud New Holland VL and 9000L series.

New Holland-Braud

Belts and rollers

NA00BRA

Original code: 944026645, 944009230

Conveyor belt for Braud grape harvesters VL / VM / VX / SB. Width: 600 mm. Length: 1,145 mm.

58254LC

Original code: 84358254

Conveyor belt for Braud New Holland grape harvesters 9060L SH. Width: 600 mm. Length: 1,310 mm.

FN00BRA

Original code: 944005400

Aluminium fixing bar for 600 mm conveyor belt for Braud New Holland grape harvesters.

FX00BRA

Original code: 944005402

Stainless steel fixing bracket for 600 mm conveyor belt for Braud New Holland grape harvesters.

NA78BRA

Original code: 944010278

Conveyor belt for Braud grape harvesters SB
33/35/53/55. Width: 450 mm. Length: 1,145 mm.

75510LC

Original code: 913475510

Conveyor belt for Braud grape harvesters 1214, 1620,
2000 and SB 52/54. Width: 450 mm. Length: 1,135 mm.

FNSBBRA

Aluminium fixing bar for 450 mm conveyor belt for
Braud New Holland grape harvesters.

FXSBBRA

Stainless steel fixing bracket for 450 mm conveyor
belt for Braud New Holland grape harvesters.

New Holland-Braud

Belts and rollers

93392LC

Original code: 84193392

Conveyor belt for Braud New Holland grape harvesters 9000L and 9000X. Width: 700 mm. Length: 1,327 mm.

93393LC

Original code: 84193393

Conveyor belt for Braud New Holland grape harvesters 9040M. Width: 700 mm. Length: 1,135 mm.

99474LC

Original code: 84199474

Aluminium fixing bar for 700 mm conveyor belt for Braud New Holland grape harvesters.

99473LC

Original code: 84199473

Stainless steel fixing bracket for 700 mm conveyor belt for Braud New Holland grape harvesters.

New Holland-Braud

Belts and rollers

NA00M1B

Conveyor belt for Braud grape harvesters VL / VM / VX / SB. Width: 600 mm (sold by the meter).

83627LC

Original code:
47383627

Conveyor belt for Braud New Holland grape harvesters 9060L H, 9080L H and 9090L H. Width: 700 mm. Length: 1,325 mm.

83629LC

Original code:
47383629

Conveyor belt for Braud New Holland grape harvesters 9060L GE, 9080L GE, 9090L GE, 9040M and 9090X. Width: 700 mm. Length: 1,135 mm.

49865LC

Original code:
47449865

Conveyor belt for Braud grape harvesters VL5060, VL5080, VL5090, VM3080 and VM3090. Width: 450 mm. Length: 1,125 mm.

21610LC

Original code:
84321610

Central conveyor belt for Braud 10.90X, 9090X, VX7090 grape harvester. Width: 450 mm. Length: 2160 mm.

29443LC

Original code:
944029443

Belt for side discharge arm for per 9060L GE, 9080L GE, 9090L GE, 9090X GE, SB65, VX680, VX7090. Width: 450 mm. Length: 3942 mm.

24465LC

Original code:
84324465

Conveyor belt for Braud 10.90X, 9090X, VX7090 grape harvesters. Width: 225 mm. Length: 1700 mm.

NASCBRA1

Belt for side discharge arm. Width: 450 mm (sold by the meter).

NASCBRA2

Belt for side discharge arm. Width: 350 mm (sold by the meter).

GRBRAUD

Braud belt per m2, 2 plies, smooth/rough.

RUMOBRA

Original code:
944005403

Drive roller for 600 mm belt for Braud New Holland grape harvesters

RURIBRA

Original code:
944034674, 944027693

Idle roller for 600 mm belt for Braud New Holland grape harvesters.

Drive roller for 700 mm belt for Braud New Holland grape harvesters

93394LC

Original code:
84193394

Idle roller for 700 mm belt for Braud New Holland grape harvesters.

10279LC

Original code:
944010279

Drive roller for 450 mm belt, for Braud New Holland SB/VL/VM/VN and VX grape harvesters.

30252LC

Original code:
944030252, 944034672

Idle roller for 450 mm belt, for Braud New Holland VL 530/540/570 and VM 340/370 grape harvesters.

08630LC

Original code:
913308630

Drive roller for 450 mm belt, models SB52/54.

19044LC

Original code:
920019044

Ø 25 mm ball bearing with ring for cross belt.

05421LC

Original code:
944005421

Scraper for NA00BRA belt for Braud New Holland VL, VM, VX, SB grape harvesters.

10263LC

Original code:
944010263

Scraper for NA78BRA belt for Braud New Holland SB 33/35/53/55 grape harvesters.

96271LC

Original code:
84196271

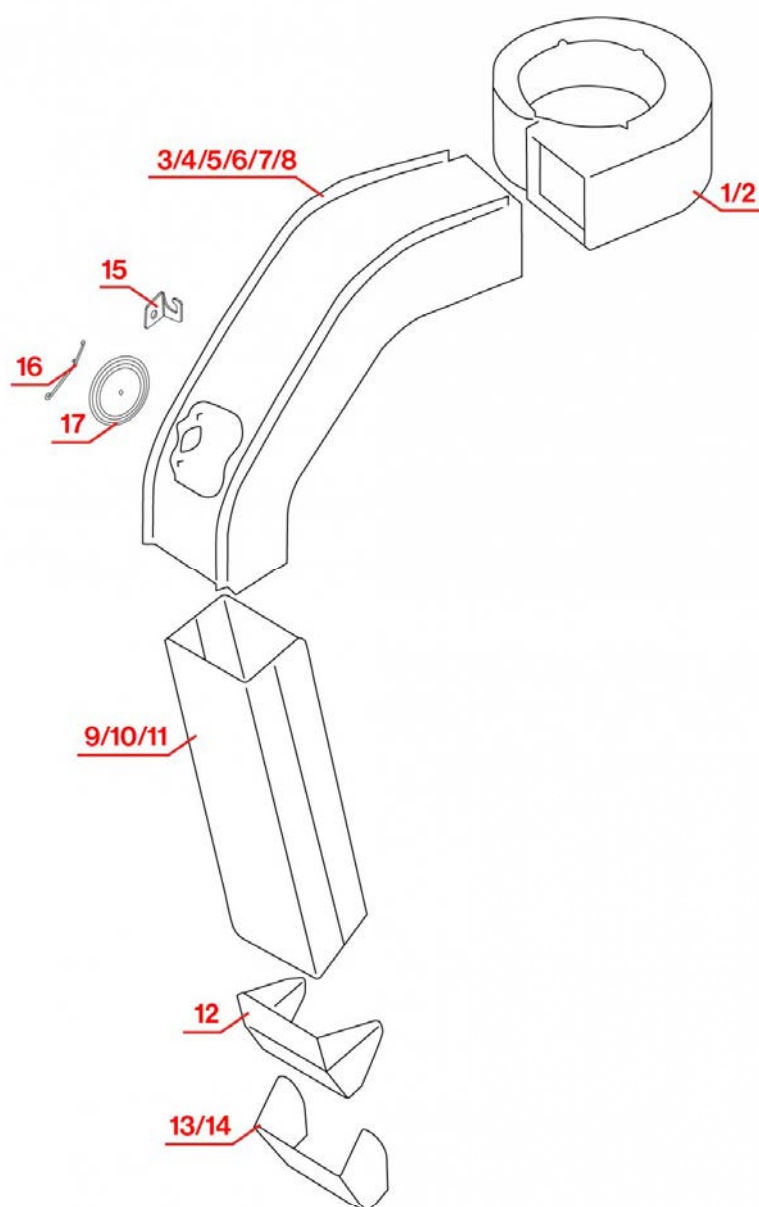

Scraper for 93392LC belt for Braud New Holland 9000L and 9000X grape harvesters.

05238LC <i>Original code:</i> 944005238	Lower left extractor for Braud New Holland grape harvesters..	
05237LC <i>Original code:</i> 944005237	Lower right extractor for Braud New Holland grape harvesters.	
05722LC <i>Original code:</i> 944005722	Lower alternator of bottom extractor for Braud New Holland SB, VL, VX, 9000 grape harvesters.

Destemming

A grape sorting system resulting from meticulous research to ensure maximum cleanliness of the harvested grapes while preserving their quality. The exclusive chain system and the innovative design of the destemmer allow rapid drainage of must and berries, bringing only stems, leaves, and shoots into the destemming chamber.

Second-hand machines

LaCruz offers high-quality used grape harvesters and agricultural machinery, supported by expert mechanics, fast after-sales service, and maintenance and repair assistance.

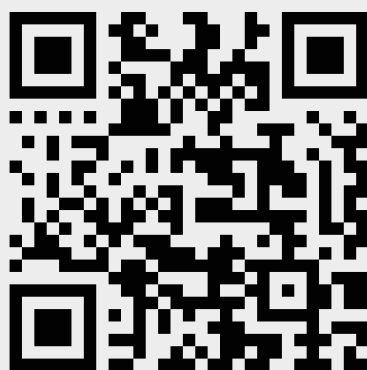

Your **partner** for quality secondhand goods

This sector plays an important role in the agricultural market, especially for companies aiming to optimise costs without compromising the quality of tools and equipment.

Purchasing used equipment from LaCruz means relying on the expertise of skilled mechanics and benefitting from after-sales service and repair support.

Used machine

To view the updated list of used machinery available from LaCruz, scan the QR code with your smartphone or visit the following address:

<https://www.lacruz.eu/shop/usato-macchine/>

or call **+39.0422.209006**

Revamping

An efficient service for the renewal and upgrade of grape harvesters, extending their lifespan and reducing maintenance costs.

Give your grape harvester a longer life with LaCruz's **revamping** service

LaCruz mechanics are dedicated to overhauling and refurbishing used grape harvesters, also upgrading systems with modifications that improve performance and extend operational life.

They also offer annual servicing and reconditioning of harvesters and other machinery for customers who purchased used equipment through LaCruz.

For more information about our revamping service, contact us at **+39.0422.209006**
